SUBJECT: Checked SMARTS Discharger still not in compliance-
failure to submit IGP NOI

FILE: WDID Non-filer

SUMMARY OF COMMUNICATION:

I called Discharger and explained to him about RWQCB enforcement ladder and that RWQCB was looking into a higher level of enforcement in regards to Discharger's failure to obtain IGP coverage by 30 March 2012 as requested by 3rd SEL. Discharger requested one week to reevaluate his position on getting IGP coverage before RWQCB initiated higher level of enforcement. I agreed to the one week time frame at which time we would schedule a meeting to discuss our concerns regarding his facility that were observed during the 16 February 2012 non-filer site inspection, Board staff sent Discharger via US Mail a full color photo catalog of all photos taken during the 16 February 2012 non-filer site inspection so that he could more fully understand RWQCB concerns about his site and the need to obtain IGP coverage.
